

Children's Table
Product Fact Sheet

Children's Table

The Children's Table combines smart design with everyday practicality. Its clean, angular form offers a modern look while folding and clicking together easily with no glue required for quick, tool-free assembly.

Lightweight yet remarkably strong, it's built to handle the energy of busy little ones, making it ideal for classrooms, play areas, events and pop-up activities. Available in white or raw cardboard, every surface can be fully custom printed, turning the table into a vibrant branding tool or creative outlet for drawing directly onto the surface.

Perfectly paired with the Children's Stool, this table creates a cohesive, child - friendly setup that's as functional as it is fun.

Designer	Hanna Laikola
Material	Made from EB recycled cardboard
Country of production	Finland
Environment	Recommended for indoor use, but suitable for both indoor and outdoor use. Designed to withstand a light shower or occasional moisture. Each table base comes equipped with a peg tab, allowing it to be securely fastened to the ground using biodegradable pegs - perfect for preventing it from blowing away in windy conditions.
Assembly	Flat packed in two parts – base and top. Assembly required. Assembly service available on request.
Finish	Every surface can be custom printed on to our standard white or natural brown cardboard
Durability	Our engineered cardboard is extremely strong and durable. The table base features a reinforced cross-section to support an even weight across the tabletop. However, the table is not designed to support the weight of a person. Sitting or standing on it, not recommended.
Sustainability	This product is proudly manufactured in Finland by our trusted and experienced local partner. We are committed to using only responsibly sourced materials - our suppliers meet strict sustainability standards and carry the FSC® certifications, ensuring the materials come from forests managed according to sustainable development principles.
