

Children's Stool

The Children's Stool is thoughtfully designed with practicality, comfort and durability in mind. Its modern angular form isn't just visually appealing, it also folds and clicks together effortlessly, without the need for glue - making setup fast and hassle-free.

Despite its lightweight design, the stool is incredibly strong making it perfect for active environments and busy little ones. Available in white or raw cardboard, each surface can be fully custom printed turning the stool into a playful branding opportunity or creative canvas.

Ideal for children's events, learning spaces, or pop-up activities, the stool pairs perfectly with the Children's Table for a cohesive, child - friendly setup.

Designer	Hanna Laikola
Material	Made from EB recycled cardboard
Country of production	Finland
Environment	Suitable for both indoor and outdoor use. Designed to withstand a light shower or occasional moisture. Each stool comes equipped with a peg tab, allowing it to be securely fastened to the ground using biodegradable pegs - perfect for preventing it from blowing away in windy conditions.
Assembly	Flat packed in two parts – base and top. Assembly required. Assembly service available on request.
Finish	Every surface can be custom printed on to our standard white or natural brown cardboard
Durability	Our engineered EB grade of cardboard is extremely strong and durable and our stool can withstand a max weight of 400kg. Durability without excessive bulk.
Sustainability	This product is proudly manufactured in Finland by our trusted and experienced local partner. We are committed to using only responsibly sourced materials - our suppliers meet strict sustainability standards and carry the FSC® certifications, ensuring the materials come from forests managed according to sustainable development principles.
